CV
BARTOSZ ABRAMOWICZ

Courageous and inquisitive junior backend developer with almost 2 years of experience - aspiring to be regular. I am not afraid of challenges, I am an optimist, helpful, with high social and comunications skills. At Harman, I work on an electric VW car project. In my spare time, I develop an application for measuring sprinkler systems - backend (Java 11, Spring, Postgres) and front-end (Vuejs, Vuetify)
